Re - Pearl Bahmer

Again visited residence of Mrs. Isaac Barten, 2nd floor rear of 39 Albany St. to learn if she could recall the name and possible addresses of former companions of Pearl at time of her living at 228 Neilson St.

Says she has absolutely no knowledge of a single former girl or boy friend of Pearl. That she never received any boy or girl friends at home, but would meet them outside and away from the house. That she would never when at home make mention of any names.

Respectfully submitted,

Thomas L. Harrison
